Judgment #2: A Man on a Red Horse – From Peace to War

June 9, 2020; Minor edit for clarity – March 20, 2026

Due to illness, I have not been able to share the following prophetic vision until now.

In a vision from the Lord in the presence of a witness, the evening of May 23, 2020 (two days before George Floyd died), I saw a rider on a horse. I then saw the rider move forward a short distance and then turned and doubled back in front of me. The Spirit made it clear that the horse and rider were moving from one season to another. He was revealing that we are moving from a time of relative peace to one of war.

There is a vision found in Zechariah 1:8 of a man sitting on a red horse. He reported that he had patrolled the earth and it was peaceful and quiet (vs 11).

There is another man riding a red horse described in Revelation 6:3-4. In this instance, the seals are being broken by the Lamb of God, Jesus Christ. The rider was given the power to take peace from the earth and to bring war between men (Rev 6:4). This represents the second season that we, America, are now in.

We have been in a state of war since the death of George Floyd, resulting in pointless injuries, death, violence, and destruction. **The violence and war in the cities we have witnessed across America is judgment released from the Lord.**

I have consistently preached that if Church leaders did not preach the truth that the Church and America were in judgment, leading in the repentance the Lord demands, that more judgment would be released – and so it has.

As quickly as Covid-19 circumvented the earth, the judgment of war in the form of violent protests that included injuries, death and destruction swept America. By June 1, 2020, approximately 40 cities imposed a curfew across the United States, with at least 15 states activating the National Guard.

More judgment is coming. I will release additional prophetic insights as I am able. The Lord is moving at an accelerated pace. I'm having a hard time keeping up with how fast He is moving.

How long will Church leaders deny that judgment has been released from the Lord?! How long will they refuse to lead the flock of Jesus Christ in repentance for not listening to the voice of the Holy Spirit?! The Church and its leaders are in denial and rebellion against the Lord and because of it, more judgment is coming, America!

Repent before you fall into the hands of the Lord who is bent on releasing His wrath on this country, His leaders, and His Church!
