

The Lord Will Release a Terror from the West in China

December 15, 2020

In a vision I saw an angel of the Lord blowing a trumpet declaring, "Poverty! Poverty! Poverty!" This is the Holy Spirit's declaration for China.

The Lord will release a terror in the western region of China. It will cause the people to migrate east and drive many to Beijing. Because of the threat and reality of poverty, they will bring what money they have and pour into Beijing. Like a giant teapot, the Lord will lift Western China, and many will pour out of the spout, Beijing, seeking refuge elsewhere.

This will be part of strategy of how the Lord will strip that nation of its wealth.
