Note to the reader: I found it necessary to add explanatory notes in *italics*, which you will find within brackets [...].

The Lord spoke the following:

These are days of great wrath; these are days of great fire [*which is a symbol of judgment*].

I am very serious about what I am about to unleash. Know how serious this is. Those houses [*speaking of those that operate under the label of "church" but are false*], that have been camouflaged and are overrun by Satan, I will destroy. They will not stand. I love people too much to let them walk into those houses. I will expose, uncover, and push the enemy out of those places. You will see the fury of the wicked one as I move. The enemy has been masquerading as an angel of light, and I will reveal him.

You must remember how serious this is, and those around you must understand how serious it is! There is no grey; it is black and white. Judgment is coming. Even now I am releasing Heaven's armies against those strongholds of Hell.

Do not participate in their sin; do not enable them, but tell them the truth.

I have called you together because I want each of you to know how serious this next phase is that you are coming into [a word to JRP]. It is a grievous time. As you see Me move, there may even be despair. But know that I am moving in righteousness, and I have a fire in My eyes, and I winnow out that which I see. I am looking for truth and cannot find it in these houses that I have spoken to you about. These are temples to idols; these are false; these are temples of worship of false light. I will not permit them to stand.

If you were to see a map in front of your eyes of the United States, from corner to corner, from the northwest to the far southeast in Florida, to Maine and to the farthest part of southern California. I will move in this way. No state will be spared, no town will be spared, every community will be touched. As I moved in the days of Egypt, so I will move in America. As I moved among the Egyptians and those that were not protected, as I discriminated between the Egyptians and the Israelites, so I do today. ***Those who are not in My Glory, who are not in My will, who have chosen to sit in the dark places and to***

welcome others in those dark places, into those camouflaged places, know that they will not prosper. Judgment is coming. For My Spirit has been outside of those churches for too long. Do not call them churches; they are temples of idols. A strong admonition from the Lord: “Be careful about your language; they are not churches.” *[The Lord has drawn a line in the sand, which has always been there, that any gathering that does not allow His Spirit to move in and through the members of His body is not to be called a church, but rather a temple of idols.]*

If they [so-called “churches”] are not allowing My Spirit to lead, if they are not allowing Him in the door, they are a temple of idols.

Rejecting My Spirit is no small thing. This is life and death; this is light and darkness. There is darkness, and there is Glory. There is nothing in between. There is no gray there. *[This is by far one of the more difficult things the Lord has spoken to me about over the years. Re-reading it now helps (1/23/25), but the magnitude of what He said speaks of how bad the situation truly is in America, given how few churches actually allow the Holy Spirit to move in any fashion, let alone through the gifts of the Spirit outlined by Paul in I Cor 12 & 14 and Eph 4, i.e., in power. These “temples of idols have relegated themselves to only allowing those gifts mentioned in Romans 12:4-8, while explaining away the true meaning of prophecy by saying it is only preaching. This is a consequence of their upholding Cessationist doctrine, which is nothing other than a doctrine of demons designed to deceive Christ’s followers out of their rightful Biblical inheritance of moving in power, in, by and through the Holy Spirit so they can be witnesses of His mighty deeds (Ps 71:16, 106:2, 145:4-13, 150:2). This is the core of what the Lord will deal with in a very severe manner. Pastors and Church leaders, beware!]*

And why is it so important for Me to make this discrimination? My Body doesn’t know the difference. *[How absolutely true His statement is, as are all His statements and categorizations.]* Many are in the darkness that I will call out who are destined for Glory. But I am telling them to choose to leave now! If they do not leave now, they will suffer My wrath. I have told them and told them again, and again and again. I have attempted to prepare them, but they have rejected what I have told them through you [Mark] and through others.

Do you remember Me saying that I was not playing games?
