

The Lord Will Tear the Peace Plan to Pieces & The Time of Great Instability

Received October 5, 2025 – Published October 6, 2025

Israel & the Middle East

1 Thessalonians 5:3 (NASB95) While they are saying, “Peace and safety!” then destruction will come upon them suddenly like labor pains upon a woman with child, and they will not escape.

I saw the left hand of the Lord (symbolic of judgment) pointing to the Middle East. I then immediately sensed the wrath of the Lord. I then saw a tree symbolic of the peace plan negotiated by President Trump and Prime Minister Benjamin Netanyahu. The Lord took a spade and pushed it under the tree, **overturning it**, which means that the peace plan will not stand; the “Peace Plan” will be torn into pieces by the Lord Himself. This marks the beginning of a new level of judgment and destruction that the Lord is about to release upon the earth.

In this season, we must have revelation from the Spirit, because the path ahead of us may suddenly give way. If we are not sensitive to the Lord’s prompting and His commands, and if we are not obedient and abiding in Him, we will fall into an abyss of destruction (Jn 14-15, cf. Numbers 16:1-35). We must be prepared to stop or turn from the path we are taking to the path that He reveals to us. The sin of presumption will be dangerous if not deadly in these days and those ahead.

I saw the Lord represented as the Ancient Warlord [the Ancient of Days (Daniel 7:9, 13, 22); the Lord who is mighty in battle (Ps 24:7-10)], whom I have seen several times before. He revealed that He would not allow the peace plan to stand. I then saw the wrath of the Lord being released against all the nations from Israel. This is similar to what the prophet Amos saw before it was revealed to him the judgment the Lord would bring against the nations and His people: “The Lord roars from Zion, and from Jerusalem He utters His voice” (Amos 1:2b, cf. Is 42:13; Jer 25:30; Joel 3:16). This does not mean Israel’s military will strike out against other countries. Still, it does mean that the Lord and His armies will wage war against the nations. How this would happen or what form this would take was not made clear to me. However, what was made clear was that the nations have no idea of what the wrath of the Lord will bring to them. The Lord has already revealed His plan to bring ruin to the global economy, which began in 2020.

This is the season for the nation of Israel and for Prime Minister Benjamin Netanyahu to be exalted by the Lord in the earth. The Prime Minister will be exalted far above President Donald Trump. President Trump and his cabinet will be humbled, if not humiliated, before Israel and before the Lord. The relationship that has existed between Trump and Netanyahu will be put in the order it is intended to be: Prime Minister Netanyahu will disciple/mentor President Trump, not the other way around. This will be the great humbling of President Trump, and it is of the Lord.

The Lord will use Benjamin Netanyahu to bring His word to the nations. The time has come to watch what the Lord will do with him and through him. The Spirit revealed that He will bring about the expansion of Israel’s territory to the east.

The United States

The Lord then appeared as the Ancient Warlord, next to Washington, DC. He then took a pitchfork, which He pushed into the earth, and underneath the city, symbolic of our federal government, and turned it upside down, overturning it. This again speaks of the significant disruption that He is bringing, not only to the nation's capital but to America. The destabilization that the entire country will experience will stem from His actions in Washington. However, we need not fear the disruption that the Lord is bringing, for it is of Him. I then saw dominoes standing one by one come from Washington in a straight line, heading west, and they will fall as judgment from the Lord is released.

Then the Holy Spirit revealed smaller dominoes lined up and standing in front of smaller cities and towns all across the United States. The Spirit then reminded me of what He had shown, that He will bring complete judgment over every square inch of every nation. Judgment will encompass the entire United States, affecting every community, village, town, city, county, and state. I then heard the Lord say, "Every domino I have set up will fall." This type of judgment is decreed for every nation on earth.

I then saw the entire nation drop down in a moment (symbolic of the idiom of "the bottom falling out"), a sign of the destabilization to come and the economic downturn that will result. Then the Lord spoke, "This is a setup for My Spirit to move in power and to bring souls into My kingdom. You didn't understand how dark it would be before I pulled people out of the darkness and saved them. I am allowing the darkness to increase because I will be the Light that will shine in the darkness."

Great darkness will come to the nation due to the economic crisis and the judgment the Lord releases. This is when the Glory of the Lord will shine through His people.

The Holy Spirit then drew my attention to Silicon Valley and the high-tech industries that have their headquarters on the West Coast. High-tech industries and their leaders will be deeply concerned about what they observe taking place in America's economy. I then heard the Lord say, "I intend to bring disruption and devastation against these executives and these industries because they are distracting My people." In short, technology has become a god to the Church. The Lord revealed that He will bring judgment against high-tech companies because they have become idols in America, if not the world, distracting His people. He will pull these companies down, and it will be a complete and thorough work that the Lord performs.

As the Lord brought confusion to the people building the tower of Babel (Gen 11:1-9), He will disrupt and bring devastation to technology companies.

The Holy Spirit then highlighted the borders of the United States, including Alaska and Hawaii. I was then given the understanding that this is the time for the Lord's judgment to be released against America.

The Lord then revealed that much of what He is about to do has not yet been revealed, so His warning is to stay close to Him and to heed the warnings of His Spirit.

Oregon & Washington

These states are running out of time to repent of their sin. They are coming into a time of judgment if they do not turn from their wickedness; they have no idea of the wrath and multiple levels of judgment that the Lord plans to pour out if they do not repent.
