## Prophetic Vision: The Time for Battle

Received March 29, 2026; Published March 31, 2026

---

Jesus appeared to me as a mighty warrior ready for battle, with His sword drawn, with which He pointed ahead. He said, “I will move with great force with demonstrations of power.” I was then taken to a place where I looked down on the earth, where I saw a large spearhead attacking the front line of battle. It was moving forward along a large portion of the battle line.

The Lord then said, “I and My armies will penetrate the frontline of the enemy.” I then saw fire that appeared along the edge of the spearhead, symbolizing the Holy Spirit leading the armies of the Living God. As the fire and the spearhead advanced against the spiritual darkness, the enemy was routed.

He continued with, “The obliteration that you are witnessing in Iran, which I have brought to that nation and that evil regime, you will see time and time again, for I am moving against all nations. I said that I would disrupt trade between nations, and I will break their supply chains. Remember what I have said. I will break the trade and supply chains between nations. China is the model, and the strategy that I have used there, I will use to bring calamity to the nations. The nations will murmur, and they will disagree, and they will not understand. Keep your eyes on Me for I am bent on bringing judgment to the nations, and they will drink from the cup of My wrath, and they will surely drink it, even though they deny what I am doing.”

“So be expectant of an encounter with My Spirit along the way. **This is the word to My Church and the word to My leaders:** Be thirsty for an encounter with My Spirit and be thirsty for revelation.”

“Know this, that My armies are on the move in the earth to deal with wickedness in high places. Keep your ears tuned to My voice through My word. Keep your ears tuned to My voice through My word. Other voices will rise up. Keep your ears tuned to Me. There will be winds of doctrine that will blow across the nations, but keep your ears tuned to what I am saying.”
