the people who know their God will display strength and take action

The Roller Coaster of the Lord's Wrath, Global Instability & The Judgment of Washington, D.C.

Received: April 19, 2026; Published April 21, 2026

I heard the voice of the Spirit of Christ say, "My drama is unfolding at the Strait of Hormuz. It will affect the nations; they will sit back in awe as I take center stage. My plan is to confound the nations, rock the global economy, and bring forth the instability I have spoken of."¹

I then saw before my eyes a roller coaster, symbolizing the "wild ride" of instability the Lord intends to put the people of the nations on, confirming what He has already revealed.² I saw the Lord personally operating the roller coaster; He has designed it, built it, and it is for the nations. The nations will ride His roller coaster in fear. The speed of this ride will be very fast, and as a result, all the riders will experience fear so intensely that it fills their hearts, nearly driving them to madness. The Lord then stated, "The design of the roller coaster is of Me."

I then saw Jesus looking inside skyscrapers and shaking them. In America, He will shake that which can be shaken; He will shake the communities, towns, and cities. Severe shaking will hit Washington, D.C. I then saw the Lord peering into the Capitol building, as if He were examining the hearts of the members of Congress, confirming what He had spoken of years ago.³ At that time, He revealed that He would confront members of Congress face-to-face because many of them have no fear of Him.

As the vision continued, I again witnessed the Army of the Lord marching toward Washington, D.C., which I had seen in the vision titled "[The Days of the Wrath of the Lord](https://joshuarevivalproject.org/2021/01/the-days-of-the-wrath-of-the-lord/)" (January 10, 2021). The Lord will engage with that city, particularly with Congress. I then saw the word "JUDGMENT" over Washington, D.C. Great destruction will come there. The Holy Spirit then said that much more will be revealed in the days ahead of what He intends to bring to the city, and that I was to seek Him concerning the revelation He will release in due time.

The Lord then reminded me that He has fire in His eyes and that He is moving to bring judgment (Dan 10:6; Rev 1:14, 2:18, 19:12).
