

A Vision: All Nations Will Succumb to Spiritual, Economic, and Financial Darkness

Received September 6, 2026; Published September 9, 2026

In this vision, I saw the Lord on the left side of a board game with what resembled chess pieces. He was moving several of His pieces at the same time.

On the other side of the board, a number of people, much smaller, stood together, representing all the nations. They stood against the Lord and began arguing with each other because they couldn't agree on how to counteract His moves.

I then saw the Lord Jesus laughing, saying, "They think they have a move, but they don't. I've thrown the nations into confusion. They can't come to a consensus because I won't let them; I will not allow it. Their point of view, their assumptions, their premises are absolutely wrong. All of the world's leaders are groping in the darkness, trying to find a way forward, but they can't because they do not have My revelation and refuse to listen to My counsel; they rule their nations in the wisdom of man. They are doomed to abject failure."

He continued, "All trade between all nations is going to be broken." He is not working with the nations, but rather against them. I then saw that, one by one, each nation will succumb to spiritual, economic, and financial darkness as a result of the Lord moving against them. Iran, China, and Russia are early examples of how the Lord will move against all nations. Please see the vision ["Three Men Have Set the Stage"](#) for additional information concerning what the Holy Spirit revealed about these specific nations.

The economies of each nation in the days to come will become so devastated that the people of each nation will look back at the former strength of their respective economies as if it were a long-lost, distant, and vague memory.

This is another in a long line of prophetic confirmations dating back to 2020, where the Lord continues to repeat His intentions to attack the global economy and each nation's economy.

Confirming prophecies can be found following the live links below:
