

The Sin of the State of Maine Has Infected New England

Received September 29, 2026 – Published October 2, 2026

In the early 80s, I received a vision of myself in a log cabin with the Lord Jesus. Looking out the window, I saw a roller coaster with a car occupied by a family of four. As I watched, they reached the end of the track, which launched them into the air and into hell.

I cried out, “Lord, where is this happening?!” I then saw Jesus pull down a map. The map was the State of Maine. That ended the vision.

Today, the Lord said, “Years ago I spoke to you about Maine and how whole households were going to hell. Great and dark wickedness is in that State of Maine. Like a cancer, it has affected all of New England.” I could then see the cancer had spread to Vermont, New Hampshire, Massachusetts, Rhode Island, and Connecticut.

The Lord continued, “I am going to go into these states to deal with the cancer of sin and wickedness. Wickedness has affected the thinking in men’s and women’s minds and has corrupted state politicians and legislatures.”

The Lord will bring a great shaking to the State of Maine, and He will take it. I then saw a fire break out in that state. I then heard the Spirit of the Lord say, “I will burn like a fire in Maine, pushing back the wickedness and the harlotry, for sin and darkness of every description is being committed in that state, including prostitution, drugs, satanic worship, and witchcraft. The liberal mind and thinking are as witchcraft. I will wage war against the darkness and against the wicked one in the state and move in revival.”
