

The Call for Workers to Atlanta to Prepare for Revival

Received October 11, 2026 – Published October 13, 2026

“The Lord will go forth like a warrior,
He will arouse His zeal like a man of war.
He will utter a shout, yes, He will raise a war cry.
He will prevail against His enemies” (Isaiah 42:13 NASB95).

I saw Jesus standing in front of me, pointing to my right and indicating a sharp right turn ahead, and that new directions would be released. He then revealed that He would release a new, far-reaching, multi-year strategic plan.

I then saw a single column of dominos that He had already set up, and they were falling. He reminded me that He had revealed that, at some point, the dominos would fall faster; that time is now.

I began to sense by the Holy Spirit that some people would be raised up and directed to leave their homes, move to the Atlanta area, build His church, and join the Joshua Revival Project (JRP). They will be used as the Lord takes Atlanta.

The Lord then revealed that the five fires of revival that He revealed in 2019 are locations that do not exist at this time; they are not existing churches. The Lord then assured me that they would be birthed. The Lord will turn the hearts of those He has called to help birth these churches, where ultimately He will release the fire of His Spirit. There are at least five people who will be called to this work.

These leaders will have a pure heart to do the Lord's will and follow His Spirit. They have been tested and tried in the fire. I then saw them glowing in the fire. They have been through trials, and more trials lie ahead, but they have been tried and tested. These are reliable and faithful workers, deeply rooted in the Lord. The Lord trusts them to do His will.

Then I saw the Lord Jesus blowing His trumpet for those He is calling to birth His ministries in and through them. Either those called to work in Atlanta have already been alerted to His call, or they will be. There are those who live outside of Atlanta who are called here to birth this work; i.e., the five locations for the beginning of the Lord's revival.

The Lord then revealed, “When they come, it will be rapid growth.”

I have been called to announce what the Lord is saying, release His word, and blow His trumpet. Then I saw the Lord Jesus dressed in battle armor, ready to take the Atlanta area through the power of His Spirit. He will wage war against the spiritual darkness in this area.

A great shaking will come to Atlanta, but the shaking has already begun. It will be very severe. This confirms what the Spirit revealed: judgment will begin in the Southeast, moving in a clockwise direction, moving west through the South along the country's border, ultimately moving north along the West Coast, then moving from Washington State across our northern

border to the East Coast and then down along the eastern seaboard. This will be the beginning of the Lord establishing a perimeter of judgment around the entire country.

As the Lord moves to shake these states, He is preparing to move in revival. This confirms other visions that the Lord will first move in judgment, then in revival.

Time is of the essence: People must quickly make decisions and obey the Holy Spirit.

The Lord will establish combined events where many people will come to receive ministry and worship Him.

The Lord then revealed that step by step, even as Joshua took Jericho and Ai, and then conquered five armies at Gibeon (Joshua 10), and then later defeated another much larger force yet of five combined armies described as 'many people as the sand that is on the seashore, with very many horses and chariots' (Joshua 11), demonstrating an exponential increase in victory as Joshua fought to secure the land, so too the Lord will move exponentially in revival in Atlanta. Ultimately, as the Lord has already revealed, the power and effects of the coming outpouring in this area will be like an atomic bomb, changing not only Atlanta but all of Georgia; the State of Georgia will never be the same as the Holy Spirit moves.

Florida will be birthed like a child born out of season. Once the Lord moves in Georgia, He will not move in Florida yet. It will be delayed until the time of His choosing, and then Florida will be taken.

The Lord then began reminding me that no part of the United States will remain untouched as He moves in judgment, followed by revival. Just as Joshua and his army took every city, so too will the Lord do in Georgia; He will take every square inch. No location will be untouched.
