
Starting in Georgia, the Lord Will Bring Severe Judgment

Received October 18, 2026 – Published October 20, 2026

I saw Jesus as the Ancient Warrior, moving across the southern states, from East to West. I was impressed that He does not move randomly in His judgments, but with great purpose, strategy, and great wisdom. I saw Him moving from one location to another in a zig-zag pattern as He marched West from Georgia.

When He reached the West Coast and moved up into California, I saw that He would release terrific judgment. The judgments He releases against California will be a trumpet blast to the entire nation and the world. The judgment will match the depth and pervasiveness of sin in the state, as He revealed in this vision: [10,000,000 Souls in the Los Angeles Metro Area Are in Jeopardy! \(June 28, 2026\)](#).

He confirmed that the judgments that He will release against California will be absolutely devastating. I saw the Lord take a large shovel to dig deep in that state because of the darkness of sin there.

The precedent-setting judgment that will come to California will be very severe, which is why He is calling everyone with ears to hear to get out of the state while they still can. I refer the reader to the following document: [Summary of Prophecies: California, Los Angeles & San Francisco](#) (August 9, 2025).

The sin the Lord sees along the West Coast from California to Washington is deep and dark. He also sees a similar level and depth of sin in the East Coast states. The judgments on both coasts will be very severe. The judgments' reverberations will flow inland from East to West and from West to East; He will blanket the nation with judgment. However, the Spirit of the Lord reconfirmed that He would move around the perimeter of the United States first, beginning in Atlanta and then all of Georgia. I refer readers to this prophetic vision: [The Coming Judgment of America & The Humiliation of President Trump](#) (June 24, 2026).

As Joshua was commanded to take all of the Promised Land, so too no part of Georgia will be left untouched by the Lord's judgment.

His judgments prepare for the coming outpouring of His Spirit. Other relevant prophecies are listed below.
